

Sage ERP Accpac

Edition Differences Overview

Version 6.0

We believe your ERP solution should support your business strategy—not hinder it or force you to buy too much too soon. That’s why Sage ERP Accpac offers scalable editions on which to build your business. If your business plans involve adding more employees, supporting multiple or global operations, diversifying, or offering new services, Sage ERP Accpac provides a strong foundation. Choosing Sage ERP Accpac gives you the flexibility to build the best possible solution for your business by giving you the freedom to select the edition (100, 200, or 500), database, modules, deployment method, and payment options that keep your total cost of ownership as low as possible.

Easily adopt new functionality without retraining your staff, as each Edition is built using the same technology and intuitive workflow.

Superior Architecture

As your business looks for cost-effective ways to meet your bottom line, Sage ERP Accpac provides the foundation required to keep pace with ever-changing technology without giving up the functionality you need to compete in today's marketplace. Accelerate the growth of your company with the scalable, open architecture of Sage ERP Accpac. No matter what Edition you choose, you have the option to utilize a Pervasive.SQL, Oracle, or Microsoft® SQL database, as well as multiple server and client operating systems, and customization tools.

Global Reach—Local Touch

An international presence is not only important for modern enterprises, it is essential. Empower your organization with the tools required to easily maintain international currency standards. Sage ERP Accpac provides you the power you need to easily support multiple entities (intercompany and consolidations), languages (by user), currencies (recognized gain/loss or unrealized gain/loss accounting methods), and so much more.

Built to Fit Your Business

Sage ERP Accpac helps you slash the time and cost associated with complex processes and redirect those resources toward growing your business. Whether you choose the 100, 200, or 500 Edition, you can select from any of the Sage ERP Accpac applications to create a custom-fit solution to support your end-to-end business management requirements.
